PROFILE

MERN stack developer with strong React and JavaScript foundation, having built full-stack responsive apps and eager to contribute to product-focused teams.

EDUCATION

D.Y. Patil College of Engineering, Akurdi, Pune 2023 – 2026
BE (Computer) – CGPA: 9.42

Government Polytechnic, Pune 2020 – 2023
Diploma (Computer) – 90.93%

Chimbhale Madhyamik Vidyalay, Chimbhale 2019 – 2020
SSC – 94.60%

TECHNICAL SKILLS

- C++
- Java
- JavaScript
- HTML and CSS
- MERN Stack
- Tailwind CSS
- Data Structures
- DBMS
- Git & GitHub

INTERNSHIP

Scalefull Technologies - [letter] 20 Dec 2024 – 03 Feb 2025

Software Engineering Intern (MERN Stack)

- Completed an internship focused on MERN stack development. Built a full-stack project using MongoDB, Express.js, React, and Node.js.

SELECTED PROJECTS

- **AI Trip Planner -** • Live *03 Jun 2025 – 08 Jun 2025*
  Technology – React, Express, Node.js, MongoDB, HTML, CSS, JS, Gemini API
  Built a responsive full-stack travel app that generates day-wise itineraries using the Gemini API. Integrated interactive maps, hotel suggestions, and saved trip functionality. Developed with reusable components and RESTful API handling.

- **Rasoi Diaries (Recipe Sharing Platform) -** • Live *15 Jan 2025 – 28 Jan 2025*
  Technology – React, Express, Node.js, MongoDB, Context API, HTML, CSS, JS
  Developed a responsive recipe-sharing app with category filters, user authentication, and ratings. Designed using functional components, form handling, and secure API integration for CRUD operations.

- **Real Estate Platform -** • Live *13 Dec 2024 – 28 Dec 2024*
  Technology – React, Express, Node.js, MongoDB, Context API, HTML, CSS, JS
  Developed a real estate listing platform where users can post and explore properties with detailed descriptions. Implemented authentication and integrated location-based property viewing on maps. Focused on responsive design and component-based UI using React.
